## Our Approach

### Community Partnerships

Convoy of Hope's community enrichment team works in advance with community leaders and stakeholders forming partnerships that build the foundation for these events. Partnerships with local governments, organizations, churches and business are crucial to the success of an event.

### Volunteers

Volunteers are an important part of all our Community Events. Convoy of Hope engages with community members in building a volunteer base, establishing a customized plan for the community and carrying out the event. Thousands of volunteers participate to restore a sense of hope to Guests of Honor.

### Guests of Honor

At the heart of our events is compassion. Guests of Honor at our Community Events come by the thousands to experience a poverty-free day filled with free food, services and products. Many of our honored guests are working families living in or on the fringes of poverty. These events provide a hand up during difficult times.
